### Contribution Amount per Pay Period

#### Consider This...

- **Your employer matches up to 5% of your eligible compensation that you elect as Pre-tax or Roth contributions.** When you contribute to your plan, your employer matches 100% of the first 3% of your pay, and 50% of the next 2%.
- **AFTER-TAX contributions are not eligible for matching contributions.** Consider electing AFTER-TAX contributions after reaching the annual contribution limit for PRE-TAX and ROTH in order to maximize your company match.
- **Save at least 15% of your income each year for retirement.** This includes all retirement savings across different accounts plus any employer contributions.
